

Technical assignment

Instructions

1. The completed technical assignment is uploaded to my GitHub repository (<https://github.com/loannisDogas/Projects.git>) in a folder named “mmw_frontend”
2. In order to view the end result download the folder “mmw_frontend” to your local drive and run the file “lightHome.html” locally from your computer.
3. Dependencies: jQuery, included in the project.

The project was developed in Visual Studio 2019 and tested in Firefox, Opera and Chrome browser.
