

Technical assignment

Instructions

1. The completed technical assignment is uploaded to my GitHub repository (<https://github.com/loannisDogas/Projects.git>) in a folder named “mmw_frontend”
2. In order to view the end result double click on the folder “mmw_frontend”, on the file “lightHome.html” right click “Copy link address” and paste the URL to <https://htmlpreview.github.io> in the section “Enter URL of the HTML file to preview:” and press the “Preview” button.
3. Or you can download the folder “mmw_frontend” to your local drive and run the file “lightHome.html” locally from your computer.
4. Dependencies: jQuery, included in the project.

The project was developed in Visual Studio 2019 and tested in Firefox, Opera and Chrome browser.
